

The Insider's Magazine list

Hey guys here's the magazine list. It's a starting point and I'll be adding more magazines and newspapers as the months go by - and as I get more contacts. Feel free to share anyone you think should be on this list. Sharing is caring.

At the moment all the Eds are looking for 1st rights real homes, makeovers and craft features. I have a feeling the second rights ones will be on the horizon soon.

Don't forget - this list is **for you**. You're a member. You paid to be part of this community so please don't share this list. If there's someone you think should be seeing it then please recommend the site to them. Thx

Happy getting commissions .
